brüco SWISS AG

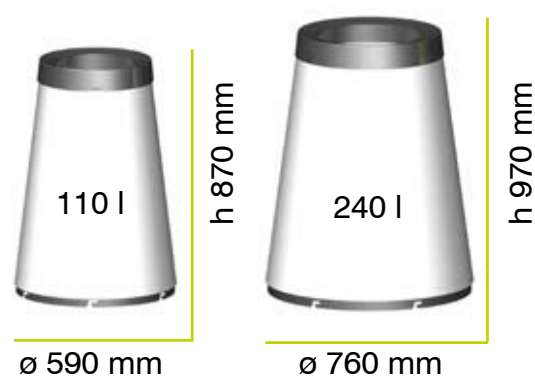

CONI[®] event bin

modular - attractive - handy

Legend

- ① Basic support and cover ring: in black zinc plated steel, 2 mm, with catch-lock and hinge
- ② Side walls: PVC film of 1 mm, white, UV resistant, printable
- ③ Base: recycled plastic-concrete, 20/35 kg, with bayonet fixing for optimal stability

modular

This event basket is available in different finishes and combinations.

attractive

The printable side walls offer 2 m² of advertising space – attention and refinancing rolled into one.

multifunctional

CONI® is multifunctional applicable: as trash bin with big advertising space or high table with integrated trash bin for promotions, exhibitions and events.

handy

Due to its conical form **CONI**® can be stacked together with its cover ring – rapidly and space saving.

Placing plastic bag: flap cover ring backwards and place bag over the cone.
Emptying plastic bag: open side wall, hook it and take bag out.
