littershark[®] *sand ashtray*

The *littershark* with sand-filled ashtray is the perfect solution for interior areas. The large round ashtray, clearly visible from a distance, makes cigarette disposal easy and safe. The legendary *littershark* is made from high-quality stainless steel and offers optimum defence against vandalism thanks to its robust design.

The ashtray is filled with quartz sand. Emptying and cleaning the *littershark* and its ashtray is child's play.

Design: Werner Zemp

littershark[®] *with ashtray*

The ***littershark*** is available in various sizes and variations, with or without an ashtray. Ask for our main brochure, you won't fail to be impressed.

The ashtrays have an impressively large capacity and can be easily emptied.

littershark[®] *Wall-mounted ashtrays*

The attractively designed wall-mounted ashtray can be fixed to any wall or post without difficulty. It has a capacity of one litre and is simplicity in itself to empty.

Products:

Wall ashtray AH80 0400 035 D = 180 H = 300 mm
Standalone AH80 0400 036 D = 180 H = 1000 mm

littershark[®] *Standalone*

The ***littershark*** Standalone lends an attractive touch to every reception area. If required, the one-litre capacity Standalone can be secured to the floor.

Our field sales team will be delighted to show you the entire **littershark** collection
